Profile

UI/UX Designer with more than 2 and half years of experience crafting user-centric interfaces for web and mobile platforms, primarily in the education sector. Proficient in Figma, user research, wireframing, prototyping, HTML, CSS, and WordPress (Elementor). Contributed to diverse projects like ERP, CRM, HR tools, websites, and mobile apps. Skilled at turning complex requirements into clean, intuitive designs that improve user experience.

Ui/Ux Designer

2023 - Present

Topscore Solutions Pvt

- Designed responsive websites using WordPress (Elementor) and created engaging UI for web and mobile apps.
- Created wireframes and prototypes in Figma for platforms like ERP, CRM, and HR software.
- Delivered graphic designs for branding, marketing, social media, and UI elements across digital and print media.
- Conducted user research to align designs with user needs and business goals.

Ui/Ux Designer Intern

2022 - 2023

Zoople Technologies

- Completed a comprehensive UI/UX design course covering design principles, tools, and user-centered workflows.
- Designed an online product shopping app and an anime streaming app using Figma, Photoshop, and Illustrator.
- Developed a responsive online shopping website for women using Adobe XD, focusing on clean layouts and visual appeal.
- Created a hybrid dashboard UI for web apps using Adobe XD, incorporating modern design trends and user feedback.

Graphic Designer

2022

Presspoint

Designed various print materials, including logos, posters, visiting cards, and other printed designs.
